

# PORTLAND TIMBERS

## Friendship Cup Check-In Directions and Information

### Check-in/Paperwork

Each team will be required to check-in at the headquarters tent one hour before their first game. Teams in the 96, 97 and 98 brackets must bring with them 10 player rosters, which include first and last name, jersey number and date of birth. If you plan on making rosters available for college coaches, I would look to bring more than 10 rosters and I would look to include email addresses and phone numbers. Those teams in the 99 and 00 brackets only need to bring 10 rosters. Any player who would like to bring a player profile for the college coaches' tent, is welcome to do so.

All rosters must be typed and signed by the Club Director (we have included a template for those who would like to use this). Each team participating must bring with them a version of their medical release form (medical release form or player card work) and a Player Code of Conduct form (your version). Each team will need to keep at least 4 rosters for themselves in order to give one to the referee before each game. If you have questions about paperwork, please contact me at [elyslo@portlandtimbers.com](mailto:elyslo@portlandtimbers.com).

### T-Shirts

We will have t-shirts on sale again this year. All t-shirts are in the \$10 to \$15 range. We also plan on having some Adidas gear on hand for sale as well. There is a strong chance we have a retail company attend the tournament as well.

### Trainers

We will have a trainer on site all weekend. Trainers are not there to tape ankles. They are there for injured players so be prepared.

### Fields

All fields will have tents, benches and water at all times. Teams are welcome to bring tents with them but you will not be allowed to move any of the Timbers tents during the event or games. The Rec. Center fields are considered some of the best in the state of Oregon and they will be in great shape all weekend.

As always, if you have any questions, please feel free to email or call me at [elyslo@portlandtimbers.com](mailto:elyslo@portlandtimbers.com) or 503-553-5575. Thanks and we look forward to seeing everybody in May!
